Ali Malek

Founder, vidvisual · AI Product Builder · Age 16

Sixteen-year-old founderwho ships real products while finishing Class 12 commerce. I built **vidvisual**, a freemium SaaS, from a no-code prototype into a full Next.js app, and I build AI automations that run on their own. Now working toward my first paying client. Open to internships, freelance projects and partnerships in AI, tech and marketing.

VENTURES & EXPERIENCE

vidvisual · Founder & Product Builder — Present

- Built and launched a freemium SaaS with a real backend, authentication and APIs, rebuilt from a no-code prototype into a Next.js app deployed on Vercel.
- Brings in about 20 visitors a day, is working toward the first paying client, and builds in public on X and LinkedIn.

Nagina Shoes & Co. · Freelance Video Creator — B2B wholesale

- Create animated footwear videos for a wholesale B2B business, used to present its products to buyers.

AliOS · Personal AI Operating System — Automation

- Built a system on Make.com, Telegram, Gemini and Google Sheets that ties chat, AI and spreadsheets into one personal workflow.

AI Market Digest · Weekly Intelligence Automation — Automation

- Automated a weekly Monday AI market digest: pulls RSS feeds, summarizes them with an LLM and delivers the result by Gmail.
